First Aid at Work Requalification

About the Course

This 2-day First Aid at Work course is designed for those who currently hold a First Aid at Work qualification and are due to expire and meets the requirements of the Health and Safety (First Aid) Regulations 1981 and the Health and Safety (First Aid) Regulations (Northern Ireland) 1982.

The important thing to remember is that as soon as the certificate expires, the First Aider is no longer considered competent to act as a First Aider in the workplace which may well leave the employer with a shortfall of First Aiders. Therefore, it would be prudent to arrange their requalification before they expire. In addition, this course will include any protocol changes that may have arisen since their last training course.
